

**Annual Report of Parijnan Vidyalay, Kotekar – Someshwar
2022-2023**

Honourable Chief Guest of the Day Sri. Ajay Pai B, Hon. Secretary Sri. Mahesh. L Bondal, Correspondent of our School and CEO Saraswat Education Society, Sri. Prashanth R Rao, members of the management, Heads of the sister institutions coming under Saraswat Education Society, invitees, Parents, Teachers, and my dear students, a very warm welcome to you all.

I have great pleasure in presenting to you the Annual Report of Parijnan Vidyalay for the Academic Year 2022-2023. This year was a challenging one for us. Our teachers have done their best in bridging the gap of learning. With great contentment I can affirm that we have been able to bring our children back to the rhythm of learning. All praise to the dedication and hard work of the teachers and cooperation from our Parents.

Apart from preparing the children for academic demands, we give emphasis in preparing our children to face the challenges of the competitive world. It is a matter of great significance to us that the students who pass out from our School be well disciplined and carry forward the values they have inherited and excel in life, being role models in the society.

We strive for excellence in everything we do. Our learning environment allows every student to prosper as individuals.

Excellence is our expectation too. Our priority is not just subjects, instead we aim at a Holistic education focusing overall development of our students. Equal opportunity is given to every student and our inclusive environment supports every student. We also value our relationships; we are closely connected to our staff, students, parents and all our stake holders and well-wishers.

Parijnan Vidyalay was started in the year 2017 and was a dream come true for all of us. This year we have added on class VII and will be scaling up to class VIII in the next academic year. I am happy to stand before you to read a brief report on the activities we conducted during this academic year in the Nursery as well as primary sections of this Vidyalay.

The academic year 2022- 2023 has been very purposeful and fruitful. The year witnessed many changes. Many noble ideas are brought in, whether it is in Academics, Co-Curricular activities, all aiming at improving the quality of education and bringing about all-round development among the students.

Staff: Our strength is our faculty, who form the strong pillars of our institution. It is their dedication, commitment, care, and affection that has enhanced the healthy learning environment in the school. We have at present 20 teaching and 7 non-teaching members on the staff.

Strength: At present we have 20 teaching and 7 non-teaching members on the staff.

The effective strength of the school at present is 431

Girls-214 Boys-217

Events during the year:

Orientation programme for Parents: Group- wise Orientation programme was held for the parents of all classes in June to familiarize them with the rules and regulations of the school and also their responsibility in supporting our efforts. With the intention of making the parents to see the performance of their wards in the examination, answer sheets are given to them after

each exam. Unit tests are given in all the subjects to make the children learn regularly. Review meetings are held to have a good rapport between the parents and teachers.

Our parents: No school can function efficiently if parents and teachers do not act in partnership in the best interest of the children. Parents have every right to understand what is happening to their children in the school, and teachers have the responsibility to share that information without prejudice with the parents. Such communication, in the child's interest, is possible only with mutual trust between the parent and the teachers. I would like to appreciate the support our parents in all our endeavors.

ACHIEVEMENTS: Competitions play a prominent role in motivating students to perform and excel and offer a lot more reward than just winning prizes. Competitions offer a chance for participants to gain substantial experience, showcase skills, analyze and evaluate outcomes and uncover personal aptitude. Competitions also encourage students to adopt innovative techniques and develop their ideas and skills. Hence we encourage our students to participate in both interschool as well as school level competitions.
